

Learn How To

GROW A BUSINESS

And Become Your Own Boss

PHILADELPHIA HOUSING AUTHORITY

OPENING DOORS TO OPPORTUNITIES

DREAM

BIG

BUT START SMALL

The community grows stronger when PHA residents can create and offer the business services their neighborhoods need.

Businesses lift neighborhoods by creating jobs that drive the local economy.

That's why PHA created an Entrepreneurial Fellowship, which equips start-up business owners with the tools to manage daily operations, resolve challenges, expand networks, and access capital.

After completing the requirements of the six-month program, Fellowship graduates will receive:

- Up to a \$3,000 small business grant
- Up to \$2,000 in reimbursement for books, licenses, and certifications related to your business
- Opportunity to receive free office space and services in RAB's Resident Incubator

Our new Entrepreneurial Resource Center provides residents free business resources and support for community innovation. Bi-weekly workshops are held on a host of topics designed to develop and grow small businesses into a thriving path for self-sufficiency.
